# Welcome to UCI Health

We are UCI Health: A devoted team of nationally regarded physicians and nurses, researchers and clinicians, united by a single calling — to improve the lives of the people in our community and beyond. We push the boundaries of what is possible to better serve our patients and the community. Here is where you get world-class healthcare others will not be able to offer for years.

UCI Health has exceptional primary care doctors to keep you healthy and help you meet your health and wellness goals. We also have more than 500 world-renowned specialists who deliver a higher level of care and treat even the most complex conditions.

Our commitment to improving and advancing healthcare never stops. UCI Medical Center has consistently been ranked among America's Best Hospitals, as recognized by *U.S. News & World Report* for 22 years in a row, and in the summer of 2023, UCI Health will open the new Joe C. Wen & Family Center for Advanced Care. Supported by a generous gift from Joe C. Wen and his family, the outpatient clinical facility, which will be part of the new UCI Health — Irvine complex, will bring specialty expertise closer to coastal and south Orange County residents. Additionally, the Chao Family Comprehensive Cancer Center and Ambulatory Care Center is slated to open in late 2023. For our patients, this means more options and access to the expertise that only an academic medical center can provide.

As UCI Health patients, you and your family have access to the highest quality, knowledge-driven care. During open enrollment, choose a UCI Health primary care doctor. Our doctors are part of the **UCI University Physicians & Surgeons Medical Group**, formerly known as UC Irvine Health Medical Group and UC Irvine Health Affiliated Physicians.

Thank you for trusting us with your healthcare. It is our privilege to care for you and your family.

For more information about how to choose a UCI Health primary care doctor, visit [ucihealth.org/choose](https://ucihealth.org/choose) or call 844-310-9750.

*Please note that hours of operation are subject to change. Please call to confirm hours.*

## UCI Health OnCall

### Virtual visits

Connect with a board-certified physician 24 hours a day, 7 days a week through your desktop, phone or mobile app. UCI Health OnCall is available to anyone, regardless of your insurance carrier, and the cost for each visit is \$39.

Receive care for non-urgent medical needs, including:

- Allergies
- Asthma
- Bronchitis
- Cold and flu symptoms
- Diarrhea
- Ear infection
- Pink eye
- Respiratory infection
- Skin problems
- Sinus problems
- Urinary tract infection
- and more!

### Which option is right for you?

UCI Health Walk-in Care locations and UCI Health OnCall address common medical needs that do not require an emergency room visit. Regardless of which option you use, you can expect quality care that meets your needs.

**Walk-in Care locations** allow you to access care with shorter wait times and lower copays than busy emergency rooms. **UCI Health OnCall** provides you with convenient, remote access to a physician for a flat \$39 fee, similar to the cost of most urgent care visits.

# The new chapter of healthcare begins here

At UCI Health, we don't just practice medicine, we create it. Now we are writing the next chapter for healthcare in Orange County. With UCI Health — Irvine, UCI Health will bring our patients unparalleled expertise, leading-edge treatments and the finest evidence-based care that only an academic medical system can offer.

The 800,000-square-foot medical campus will be anchored by a state-of-the-art hospital, which will offer 24-hour emergency care and personalized cancer treatments, including hundreds of clinical trials by our NCI-designated comprehensive cancer center. Our world-renowned experts will also deliver exceptional care in other specialties, such as digestive diseases, neurosciences and orthopaedics, all powered by the University of California. We stop at nothing to build a healthier tomorrow.
