

## President’s Message

On behalf of all the OLLI members, I would

like to extend a warm welcome to new members joining the OLLI family for the start of the 2017/18 academic year. Don’t hesitate to ask questions of any of the members you

meet. Even if they don’t have the answer, most can introduce you to someone who does. If you can, be sure to attend the New Member Orientation on September 5 at 1 p.m. We will do our best to answer all of your questions.

And welcome back to the returning members. You have again successfully navigated the online registration system. Please make a point of greeting a new member, those with the orange dot on their badges. If you have not yet charted your course through the registration system, don’t wait any longer. The 2016/17 parking passes expire on August 31. Registration help is available during published hours and by appointment through September 8. Registration computers will continue to be available in the office once the semester starts.

A note regarding parking: Through mid-October, parking on campus will be very challenging. Arrive early in the morning, or as OLLI classes are ending. The spaces in OLLI’s Lot J fill quickly, and student lots may be jammed. If you are able, consider using the offsite parking and university provided shuttles. Please do not, under any circumstances, park in the Arboretum parking lot (dirt lot, east of Lot G).

*Jim Monroe, President, OLLI Board of Trustees*

## **OLLI-CSUF Collaborations Make Music, Music, Music!**

Ellie Monroe brought her background in business finance and marketing to OLLI when she joined with her husband Jim in 2010. Soon they were volunteering as a OLLI-CSUF Collaboration team in the CSUF School of Business

assisting students with entrepreneurship.

Through the Collaboration project, she met Carl Hurty who was putting together a piano recital program with Rob Watson in the Music Department at CSUF whereby the students would play the piano at OLLI during the lunch break. It was part of a program entitled “Piano in Performance” which was an outreach program to perform in homes in the community. The students began performing in Shapiro AB, but the program became so popular it was expanded to fill the entire ABCD sections of the Shapiro wing. A new piano was purchased and soon was moved to the Mackey Auditorium for continued student performances. More concert time was arranged and end-of-year student recitals were scheduled at OLLI.

Carl fell ill and Ellie stepped in to continue the Collaboration connection with Rob Watson at the CSUF School of Music. They began working on developing more playing opportunities for the students. Using her marketing skills Ellie joined the Music Associates, the CSUF support group for the School of Music, where she met Jason Pano and deans and directors from the School of Music.

Ellie developed a musical performances committee for OLLI setting up a schedule for six lecture/performance per semester for CSUF, plus

## Sandy Jones Appointed Trustee at Large

The Board of Trustees appointed Sandy Jones as a Trustee at Large. She will complete Benson Chin’s remaining term, expiring in May 2018. Benson vacated his trustee position on the Board of Trustees when he was elected Vice President Programs.

Congratulations, Sandy.

the six noontime performances. CSUF teachers and students were given opportunities to perform or lecture for the OLLI classes “Great Composers” and “History of Broadway.” Rob Watson spread the word to his contacts at CSUF.

Ellie spread the word at OLLI about CSUF’s “Concert Under the Stars” and the “Collage” music programs. Forty “Collage” tickets were set aside for OLLI members. CSUF noted an increase in paid attendance. Meeting with the Music Department, Ellie convinced the University that there was

enough interest in the “Collage” show that an extra Saturday afternoon show would draw a large OLLI crowd. That extra show was so successful that this year the University has reserved 300 tickets for the OLLI community. Last year 25 percent of the tickets sold for the “Concert Under the Stars” were sold to OLLI members. Now OLLI is listed as part of the School of Music support group.

Jason Pano met with the School of Music professors and soon Bill Cunliffe, Damon Zick, Chuck Tomlinson and Martha Masters were coming in to lecture and/or perform. Ellie announced the performances in the OLLI News Bytes and set out posters promoting the appearances of our CSUF stars. For the “History of Broadway” a class of 18 CSUF students appeared at the Mackey to provide OLLI members an “open rehearsal” whereby the group was able to observe the handling of staging and technical requirements in putting together a show. OLLI gave the students a place and an opportunity to demonstrate and practice their skills. The students gave the OLLI community a rare peek at how a stage production comes together prior to opening night.

The reciprocity that occurs regularly between the University and retired, lifelong learning members of OLLI proves to be beneficial for all concerned. Ellie is a very busy lady on the OLLI site, but few know what she does behind the scenes in consulting with our partners at the University to make the OLLI-CSUF Collaboration project a win-win situation for all involved.

## **OLLI-CSUF Collaboration Meets with CSUF Faculty**

On July 11 Janice Jeng, OLLI's Vice President External Relations, along with other members of the OLLI-CSUF Collaboration Steering Committee and OLLI's President Jim Monroe, met with seven of the nine associate deans representing the various schools of Cal State Fullerton. This is an annual meeting designed to update key CSUF faculty on recent Collaboration activities supporting

their schools and solicit their comments and recommendations.

OLLI-CSUF Collaboration provides many opportunities for OLLI members to share their life experience and skills with CSUF students, such as mentoring, lecturing, serving on panels, tutoring, reviewing student presentations and serving as test subjects, to broaden the students' educational experience and help them prepare for successful careers and lives.

Janice reported that this year's meeting was very successful. Following a short presentation of activities, an informal discussion was held over lunch. CSUF faculty shared recommendations to strengthen the program, including challenging communication issues with their large communities of faculty and students.

The assistant deans in attendance were: Doug Swanson, College of Communications; Arnold Holland, College of the Arts; Sang June Oh, College of Engineering and Computer Science; Cindy Greenberg, College of Health and Human Development; Caroline Carpenter, International Programs & Global Engagement, University Extended Education; Paul Levesque, College of Humanities and Social Sciences and Mark Filowitz, College of Natural Sciences and Mathematics.

The recommendations the Committee received from the faculty have been incorporated into future strategic plans for OLLI-CSUF Collaboration, whose strategic goal is to continue high impact strategic programs with CSUF.

If you would like more information about volunteer opportunities with OLLI-CSUF Collaboration, contact Janice Jeng at [d-jjeng@sbcglobal.net](mailto:d-jjeng@sbcglobal.net).
