Endeavour Orbiter Vehicle-105 completed 25 missions into space, including the first service mission to the Hubble Space Telescope and the first mission to add a U.S.-built component to the International Space Station. Also on display is External Tank, ET-94, the last flight-qualified external tank in existence, which was donated to the Science Center by NASA.

We will also have the opportunity to explore many exhibits at the Science Center including:

- Cell Lab, World of Life, Ecosystems, Touch Tank, Air and Space Exhibits
- See the IMAX film, including views of space, with astronauts performing everyday tasks inside the space shuttle

A 7-minute ride through space in a simulator is available for an additional \$5. (Pay at the simulator.)

Bring a brown bag lunch, or purchase lunch at Trimana Grill (salads, hamburgers, hotdogs, pizza, drinks), Market (prepackaged sandwiches), and Coffee Bar (drinks & sweets), all located on the first floor of the Science Center, with plenty of tables.

Special Events are open to members only. If the event is not filled by the stated deadline, non-member guests are welcome. Please sign the Waiver of Liability & submit with coupon.
