Discuss iOS 26/iPadOS 26

Passwords App

Passwords App

- ♦ Created for iOS 18
- ♦ Based upon Apple's Keychain process
- ♦ Keeps Passwords, Passkeys, Authentication Codes, WiFi passwords
- ♦ Synchronized to all Apple devices plus a Chrome extension and Windows plug in

Passwords App

- ♦ Password Mangers have been around for a while
- ♦ They are underutilized - Why?
 - ♦ Users not familiar with them
 - ♦ Lack of trust

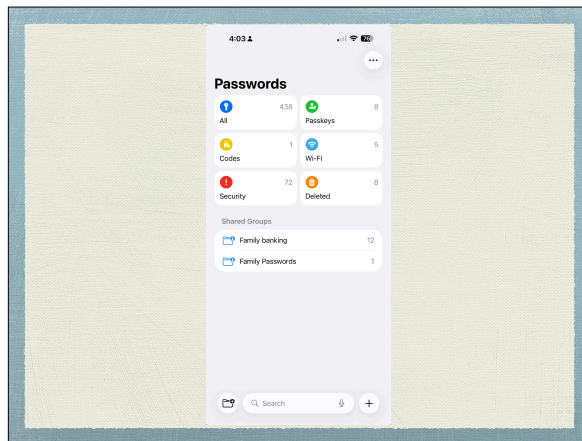

Passwords App

- ♦ Turn it on by device
 - ♦ Settings > "name" > iCloud > Passwords
 - ♦ Sync this iPad {iPhone, Mac}

Passwords App

♦ Sections

- ♦ All
- ♦ Passkeys
- ♦ Codes (Authentications)
- ♦ WiFi
- ♦ Security

Passwords App

♦ To find passwords

- ♦ Search window
- ♦ Alphabetical list in selected group

Passwords App

- ♦ Adding passwords
- ♦ Example - Computer cable store

Passkeys

- ♦ Replaces passwords with passkeys
- ♦ Replaces what you know with who you are
 - ♦ Your devices vouch for you
 - ♦ Face ID, Touch ID or Passcode
- ♦ Adoption by website is slow

Passkeys

- ♦ Setting them up
 - ♦ [https> //passkeys.directory](https://passkeys.directory)
- ♦ Apple support: <https://youtu.be/1WrogLzTK1k?si=lihxFQoOmAzMWD3>
