July 10, 2026	Explore The Science of Language- CSUF Collaboration Research Opportunity	Dr. Karimi, Psychology Professor, invites you to participate in a study to bridge the intergenerational gap in language research by discovering how our brains manage memory, attention, and language. Requesting 40 OLLI volunteers Call Dr. Karimi's Office - 657-278-2846 or Email	Email - collab.csuf@gmail.com	Click Here for Language Research Flyer	They will contact you via email.	<i>"It was a fun process! Such a nice group of people, including the students who were learning the process."</i>
July 15, 2026	Looking for Creative Ideas for Mechanical Engineering Student Projects	Dr. Jin Le Woo is seeking OLLI members to provide a problem that can benefit from a custom, physical solution. You do not need an Engineering background. Meet with students once or twice a month from August to May - You will provide context for the problem and provide your feedback on prototypes. Submit your ideas for consideration. Click link to sign up or contact Dr. Woo for information.	Dr. Jin Woo Lee jinlee@yullerton.edu	Partner with Engineering - Assistive Devices	https://forms.gle/zju7Thmt0S9MJUk7	
June 30, 2026	Please Share Your Feedback CSUF Study on Healthcare Communication	Dr. Joshua Yang from the CSUF Department of Public Health seeks 15 volunteers aged 65+ who have never been informal caregivers for a loved one with dementia or Alzheimer's disease for a 60-minute interview. Your valuable feedback will help healthcare providers improve how they communicate with patients about participating in vital dementia and Alzheimer's clinical studies.	Maeva Laflamme, M.A.: agetech@fullerton.edu (657) 278-4384	Alzheimers Clinical Trial Tool Flyer	Contact them via email or phone
