We will go on a 6-hour bus tour of iconic (both historic and modern) architecture in and around downtown Los Angeles. Once we get to LA, our expert guide will join us on the bus at the LA Music Center. We then will travel to the various locales our guide has selected, while he lectures us on the history and significance of the buildings and places. We will get off the bus at those places where tours are allowed to go inside, to explore the interiors of the buildings.

Our guide is an experienced expert on LA history and architecture. He was our guide for a similar successful OLLI tour 10+ years ago.

Some of the sights we will see and learn about include the Biltmore Hotel, the Bradbury Building, Disney Hall, the LA Central Library, the Queen of Angels Cathedral and others.

At about 1:00, we will stop for an hour to eat lunch (at members' individual expense) at the historic San Antonio Winery's Maddalena restaurant. It serves great Italian food at reasonable prices. The winery was established in 1917, and also features a tasting room and gift shop.

Here is the restaurant menu:
