3. Apple iPad 10th Gen Review from MobileTechReview
https://youtu.be/1GYc_dzCFbU
4. Flying Through Giga Berlin (Tesla factory)
<https://youtu.be/7-4yOx1CnXE>
5. The Real Reason Tesla Developed The Giga Press! (the giant die-casting system that can produce the front and rear sections of the car in one shot each)
<https://youtu.be/FUicN-wKoY>
6. Lilium Jet achieves full transition on wings and canards (Electric vertical takeoff and landing airplane)
<https://youtu.be/ywJWka1evH8>
7. Insane Bald Eagle Feeding Frenzy - Bird In Flight Photography with Sony A1 200-600 & 600f4
<https://youtu.be/l8LWOVnLXY>

Also...

1. Paul Herrick recommends <https://www.youtube.com/@crashcourse/playlists> and <https://www.youtube.com/@BradyHaran/channels>

He played the first minute of the World History Crash Course, https://youtu.be/Yocja_N5s1I about “the test” based on the course—you’ll like it.
2. If you’re interested in bald eagles, there’s a web cam watching a nest in Big Bear 24/7.
Two eggs so far!
