The NHM experience is nature and culture from the inside out. We will explore mind blowing exhibitions such as: Becoming Los Angeles, Age of Mammals, Dinosaur Hall, Nature Gardens, P-22 (new as of December), Gem and Mineral Hall, Otis Boot Pavilion (with a real fin whale swimming through the air), the Butterfly Pavilion (depending on availability), and many others. Each exhibition is designed to showcase and explore its contents and enrich our knowledge.

The newly added South LA Cafe provides casual concept dining featuring sustainably sourced fare and spotlighting grab and go options and other culinary favorites. This is a great place for lunch on your own and is within the NHM campus.
