Join us as we visit the Motion Picture Academy Museum on the Miracle Mile as we celebrate the art and science of movie making. This year, the museum has new exhibits on Hollywood's Jewish founders and how they created the industry, along with how it became the global influence center it is today. The Godfather Experience exhibit also continues, as does a new exhibit featuring the history of Casablanca, one of the most influential films of all time. The museum also features costumes from Oscar winners, collections of scripts, and videos of major Hollywood events. For an additional fee, you can have your own Oscar Experience, a video with you accepting an authentic Oscar. Stroll through all four floors of the museum, then head to the rooftop plaza for a breathtaking view of Los Angeles from Hollywood to downtown.

After the museum, we will go by bus to Canter's Deli, the famous and historic hang-out of Hollywood stars, sports stars, rock bands, and other celebrities. You may choose your own meal from their extensive and excellent menu. <http://www.cantersdeli.com/restaurant-menu>
