What is OLLI?

OLLI offers lifelong learning for retired and semi-retired persons at California State University, Fullerton (CSUF). The Osher Lifelong Learning Institute at CSUF (OLLI-CSUF) is one of 124 university-based Osher programs in the United States. Each OLLI reflects the culture of its university and community. Begun in 1979 as Continuing Learning Experience, OLLI-CSUF is one of the largest and best-known OLLIs with a diverse curriculum and extensive membership benefits. Lifelong learners at CSUF spearheaded the fundraising and supervised the on-campus construction of the Ruby Gerontology Center, where more than 95 percent of OLLI's programs are offered.
