In Collaboration With:
The Orange County Cyber Innovation Clinic (OCCIC) - (Industry Certified CSUF Students)
When: Saturday: 04/18/26   Time: 12:30p.m. - 4:30 p.m.
Shapiro - ABCD

Learning to stay safe in the digital world isn't just a useful skill -- it's empowering.
Join our hands-on workshop to enjoy technology with confidence and peace of mind.

This year's session features engaging new exercises and live demonstrations focused
on protecting your information and privacy, including modern phishing scams,
AI deepfakes, and online fraud. Attendees will not just learn useful security tips --
they will put them into action.

You will Learn How to:

🔒 *Protect yourself from ID theft*

🔒 *Protect yourself against tax scams and Fraud*

🔒 *Spot modern,AI-powered Phishing scams*

🔒 *Prevent others from collecting and selling your data*

🔒 *And more........*

Prerequisites:

🔒 Registration Opens: 03/26/26

🔒 Complete the online tech questionnaire

🔒 Active on Eduroam Wifi network*

For Device help and use during interactive exercises, please bring your mobile devices
Windows/IOS; smartphones (IPhone, Android), (IPad, tablet) or Laptop - fully charged
*and able to connect to campus *Eduroam.*
