Text Messaging or Texting

It is the act of composing and sending
electronic messages between two or more
mobile phones, or a fixed or portable device
over a phone network

3

- ♦ SMS or “Short Messaging Service” which
allows text messages of up to 160 characters
in length
- ♦ MMS or “Multimedia Messaging Service”
which when first released allowed 40 seconds
of video, one image, a slide show or an audio
file

4

Messaging

- ♦ Using a network where users can send

5

Massive Switch to Messaging

- ♦ Carriers dominated texting
- ♦ Text plans were expensive and very profitable
- ♦ Messaging services such as Whats App, Facebook, Google App have added messaging services
- ♦ These messaging services have far surpassed texting services

6

So what about texting on your iPhone?

Messages from your iOS devices

7

Messages

- ♦ Allows Apple devices to IM each other
- ♦ If you are sending to a non-Apple device..
 - ♦ It sends an SMS (or MMS) text
 - ♦ iOS 15 allows sending to Android and Windows
