

Kerckhoff Marine Lab Tour & Newport Harbor Cruise

Monday, June 8, 2026

Please join us on a tour of Caltech's Kerckhoff Marine Lab, a world-class marine research facility located on the water in Corona Del Mar. Afterwards we will have lunch on own in the Balboa Fun Zone area of Newport Harbor which includes restaurants and cafes to fit every budget. Of course, one can also choose to bring one's own lunch and don't forget the shopping on nearby Main Street. After lunch we will enjoy a relaxing narrated Fun Zone Boat Company cruise around the harbor—no food or drinks are sold on the boat but you are welcome to bring your own food/beverages on board...

Please also feel free to bring your own beverages and snacks on the bus...and don't forget to bring your hats and sunglasses...🕶️
